Hi Migs,

Please find the following comments; which you are welcome to use:

*Re: MY Maverick;*

*We have used services from Subic Asia Pacific Marine Resources for the past year, whilst based in the Philippines. I can genuinely recommend APMR, along with Miguel and Andy; as they have been reasonable and fair in all projects; and have provided excellent local knowledge and general assistance.*

*From our experience; their workshop have proved themselves competent with wood working, painting, mechanical repairs and interior refitting.*

Capt. Robert Hossack
